Investment Considerations: Please refer to the Fund prospectus for a complete description of risks associated with an investment in the Fund. Mutual fund investing involves risk; loss of principal is possible. Investments in bonds may decline in value due to rising interest rates, a real or perceived decline in credit quality of the issuer, borrower, counterparty, or collateral, adverse tax or legislative changes, court decisions, market or economic conditions. State-specific fund performance could be more volatile than that of funds with greater geographic diversification.

This material must be preceded or accompanied by a copy of the Fund’s current prospectus. Before investing in the Fund, carefully read about and consider the investment objectives, risks, charges, expenses, and other information found in the Fund prospectus. The prospectus is available from your financial advisor, and when you call 800-437-1020 or visit www.aquilafunds.com.
